Subject: Federal Register publication of the approval of FL assumption

The Federal Register Notice was published today regarding the EPA's approval of Florida's request for 404 Assumption and the effective date of Florida's program (today). The R4 website has also been updated, which provides access to the FRN. (see

<https://www.epa.gov/publicnotices/notice-epas-approval-floridas-clean-water-act-section-404-assumption-request>).

There are currently 27 documents available through the FRN including EPA's decision document, the response to comments, EPA's letter to the Florida Governor, and EPA's letter to the Secretary of the Army. The other documents are in the process of being made ADA 508 compliant and then uploaded to our docket. You can access the documents in the docket by clicking on the link in this email and then clicking on the "View More Documents" link at the top left of the webpage.

I hope all of you have safe and enjoyable holidays!

Tom
